Notice of Tax Rate Increase

The City of Scott has created two (2) separate economic development districts, Destination Pointe EDD and Apollo EDD, within its corporate limits. Within each district, an ordinance was adopted to enact a 1% sales tax to be used for economic development within that district. **Both 1% tax levies were effective October 1, 2007 but actual collection has been delayed until November 1, 2007.** Taxpayers making sales or deliveries into these district, repairs to tangible personal property, or leasing or renting tangible personal property within the district, will be required to collect these special district taxes beginning on November 1, 2007. There are no special exemptions on these tax levies. This additional 1% tax would increase the total sales tax rate in each economic development district to 9%.

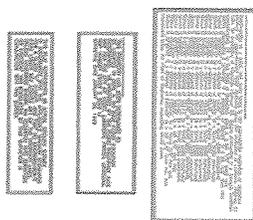

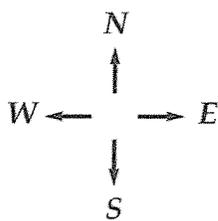

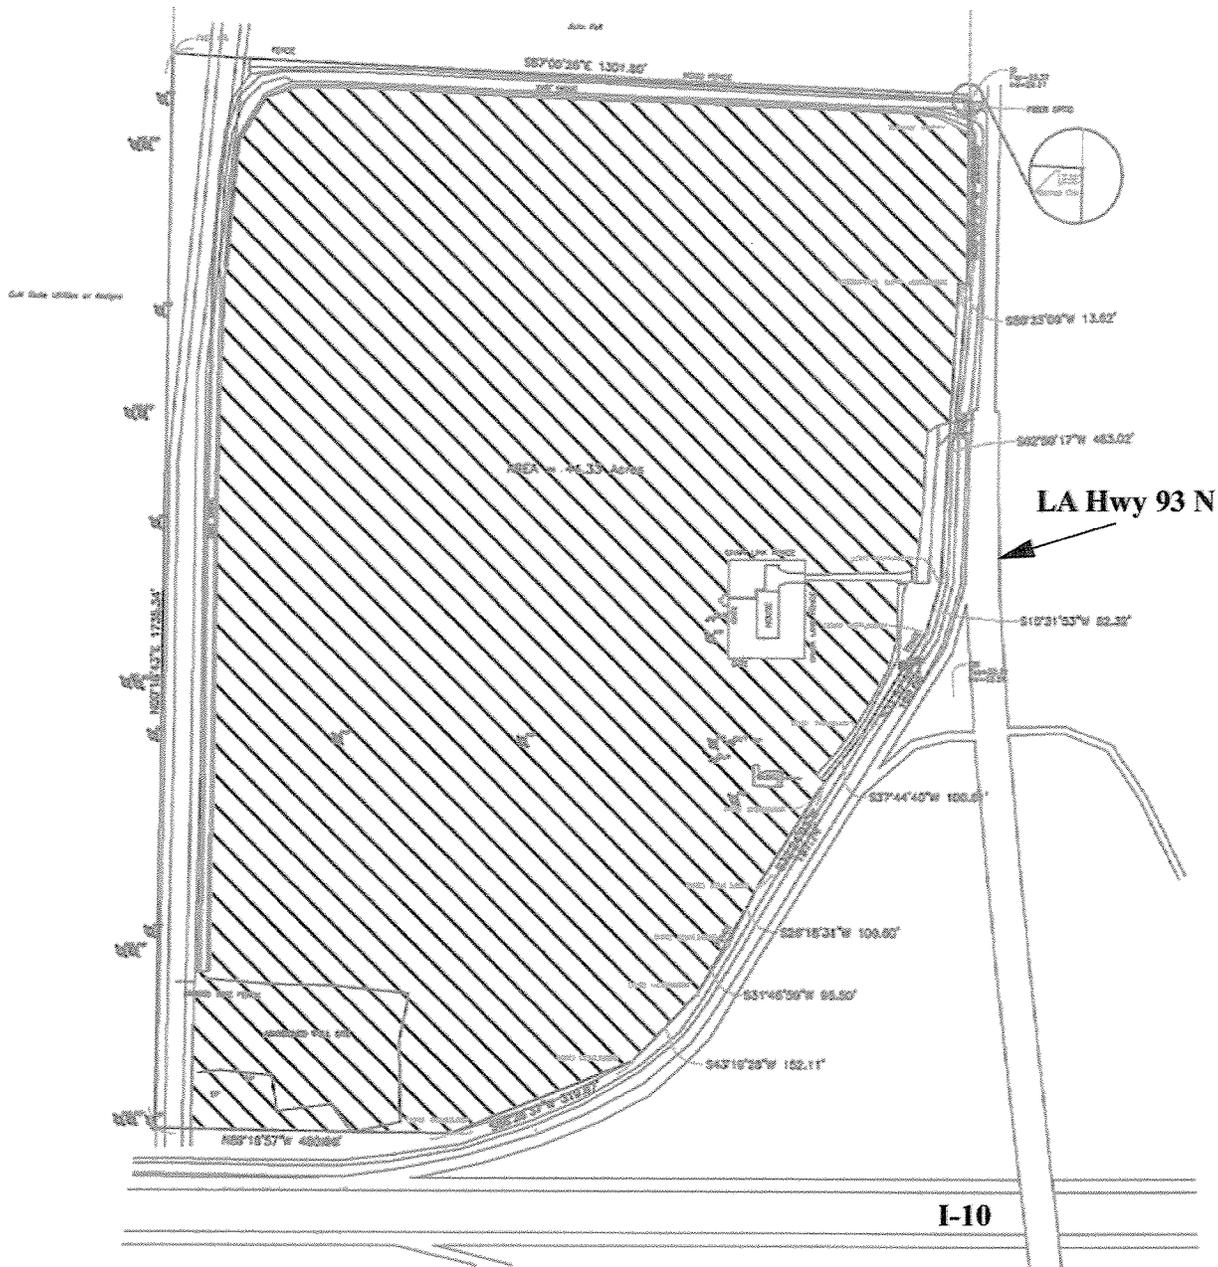

The Destination Pointe Economic Development District (Destination Pointe EDD) is located in the northwest quadrant of Interstate 10 and LA Highway 93 intersection. This district is currently undeveloped property. This additional 1% tax would increase the total sales tax rate in this economic development district to 9%, (4% state, 2% School Board, 2% Scott, 1% Scott-Destination Pointe EDD) . The map of this district and the legal description can be viewed at www.laota.com under the Lafayette Parish web page.

The Apollo Economic Development District (Apollo EDD) is located south of Interstate 10 and does have some businesses located within this district. The City of Scott is presently compiling a list of business addressees within this district and it will be placed on our website as soon as it is available. This additional 1% tax would increase the total sales tax rate in this economic development district to 9%, (4% state, 2% School Board, 2% Scott, 1% Scott-Apollo EDD) . A map of this district and the legal description can be viewed at www.laota.com under the Lafayette Parish web page.

Please contact this office if you have any questions.
